

The Sidings Cottages

Cottage Accessibility Guide

Information for Guests Requiring Accessible Accommodation

Overview

Both Buffers End and Sleepers cottages have the option of comfortable and accessible accommodation for all our guests. Each cottage has thoughtfully designed ground floor spaces to ensure ease of access and convenience where possible. Front doors are accessed from the lightly gravelled driveway on a gently sloping paved path. Below, you will find details about the accessible features in Buffers End and Sleepers, as well as guidance regarding access to the rear gardens and nearby community spaces.

Accessible Ground Floor Spaces

All cottages at the Sidings Cottages offer accessible ground floor areas, designed to cater to guests with mobility needs. These spaces ensure that guests can enjoy their stay with minimal barriers.

Buffers End

- Features a ground floor twin bedroom for step-free easy access.
- Individually controlled UFH thermostat for guests requiring things a little warmer or cooler.
- Equipped with an accessible wetroom/shower room and WC, providing comfort and convenience.

Sleepers

- Offers a ground floor double bedroom with step-free access.
- Individually controlled UFH thermostat for guests requiring things a little warmer or cooler.
- Equipped with an accessible wetroom/shower room and WC, providing comfort and convenience.

Access to the Rear Garden

The rear garden can be accessed from both the kitchen and the sun room in each property; however, these exits do have a small step, which may pose a challenge for those using wheelchairs or mobility aids. For guests requiring step-free access, the rear garden can be

The Sidings Cottages

reached at ground level via the front door and path to the side of the cottage. This route passes over a lightly gravelled driveway, so some caution may be required for wheelchair users or those with limited mobility. Both rear gardens are mostly level patio and sown to grass. There is step free access to the village green through wooden picket fence gates, though the ground here can be slightly uneven due to the rabbits and vegetation at different times of year.

Further Assistance

If you have specific accessibility requirements or would like further information about the facilities available, please do not hesitate to contact Sarah ahead of your stay. We are happy to discuss your needs and offer guidance to ensure your visit is as comfortable as possible.
